### Introduction:

This is one of the best climbing adventures on the most popular climbing/trekking peak in Nepal. Island Peak is an extension of the south ridge of Mt Lhotse shar separated by a small col. The ridge rising from the south of this point leads to the summit of Island Peak. Imja Tse not only provides an enjoyable climb but also some of the most wonderful scenery of the Himalaya in the Khumbu (Everest) region. From Dingboche, Island Peak is clearly seen as a pyramid of ice and rock. From its summit the giant mountains Nuptse (7879m), Lhotse (8501m), and Lhotse middle peak (8410m) form a semi circle to the north. Magnificent views of Mt Makalu (8475m) in the east, Baruntse and Ama Dablam to the south add even more charm and attraction to climbing Island Peak. After preparation and briefing in Kathmandu, the expedition begins with the dramatic flight to Lukla to commence trekking, along scenic trails past Namche Bazaar, on to Khumjung, Tengboche, Dingboche and Chhukung before reaching Island Peak Base Camp from where the climb begins in early morning for the most amazing panoramic views from the summit. This is a more technical climb than another very popular trekking/climbing peak, Mera Peak. The climb

begins with a scramble up a steep rock gully (grade 1 scrambling) and over a number of short rock steps. Emerging from the gully, the route follows out along a ridge leading to an exposed traverse onto the summit glacier. Above the glacier a steep snow and ice slope a short sharp summit ridge brings up to the top to enjoy amazing early morning views.

### Day 01: Arrive Kathmandu

Namaste and welcome to Nepal. You'll be met and assisted at the airport by our local representatives who will arrange your transfer and check in to your hotel. After time to rest and get refreshed enjoy a welcome dinner at a restaurant in the heart of Kathmandu, before turning in for a good night's rest at the hotel.

### Day 02 - 03: Kathmandu and Valley

Today and tomorrow we spend in preparation for our expedition including expedition briefings, equipment checks as well as final procedures for the permit required to climb Island Peak. There is also time for a good introduction to Kathmandu and the Valley before we depart to begin our trek and the first stage of the expedition. Enjoy some relaxed sightseeing on a guided tour of some of the highlights of Kathmandu including an easy walking tour to Kathmandu's central Durbar Square, site of the ancient palace complex, the living goddess Kumari temple, Hanuman Dhoka and Kastamandap temple. From here we'll continue on to Swoyambhunath Stupa, also known as the Monkey Temple, with its fine views over Kathmandu and many interesting features as well as the great stupa itself. Swoyambhunath Stupa, also known as the Monkey Temple, with its fine views over Kathmandu and many interesting features as well as the great stupa itself. Join the devotees, pilgrims and wandering siddhus (holy men) at Pashupatinath. Pashupatinath is the most important Hindu temple in Nepal as well as being one of the most important Shiva temples on the subcontinent, situated on the banks of the holy Bagmati River. Take time to walk around Bodhnath (Boudha) stupa, the largest in Nepal and one of the largest in the world. Boudha is also the centre of Tibetan culture in Nepal and a wonderfully vibrant, interesting community. Explore the streets, temples and courtyards of Patan, also known as the City of Fine Arts with its stunning architecture and craftsmanship. The remainder of these evenings are free for you to explore the surrounding area or simply relax at the hotel.

### Day 04: Kathmandu to Lukla and Phakding (2800m)

After an early breakfast today we'll transfer to the domestic airport to catch the short (35 minutes) and dramatic flight to the mountain airstrip at Lukla. Reaching Lukla we'll begin our trek following the trail to reach Phakding, around 5 hours. Initially the trail descends steadily along the banks of the Dudh Koshi River, passing picturesque traditional Sherpa villages and Mani (prayer) stones before reaching Phakding for our overnight stay. We'll rest and relax at our overnight camp or at a nearby teahouse lodge.

### Day 05: Phakding to Namche (3446m)

Today the trail ascends gradually towards Jorsalle, crossing suspension bridges over the Dudhkoshi River before arriving at the entrance gate to the national park. After crossing three more bridges the trail ascends through alpine and rhododendron forests where we should see local deer, birds and other wildlife

as we follow the trail for around 4 hours to reach Namche Bazaar, the highest Sherpa market in the world. We'll rest overnight at camp or a local teahouse lodge.

We'll start slow climbing to camp one today and have all day to reach this intermediate camp. We'll follow the path up beyond Base Camp for a few hundred meters before it turns left up the steep hill, gradually changing from a sandy trail to grass to boulders and stone. Heading up the hill the slope narrows into a steep rock gully and it's just below here that we'll camp tonight. Don't expect any of the luxury we've left behind at Base Camp here but you'll probably be too busy dreaming of your first 6000m peak to worry

about little luxuries! It's time to get a good rest tonight at camp before a very early start tomorrow for the climb to the summit.

### **Day 13: Summit Day**

We'll get an early start today. From Camp 1 we'll head up into the gully, what amounts to grade 1 scrambling as we follow the traverse to the right and up onto a wide stone field before we cross the ridge to the glacier. We'll rope up for the glacier, always aware of the crevasses here before we reach a 100m snow and ice slope where our guides will fix a rope. We're nearly half way at this point. Reaching the top of the slope a sharp summit ridge leads us to the top where we can stop and enjoy the views. After reaching the summit we'll return back to Chhukung today and rest and celebrate at camp or a local lodge.

### **Day 14: Chhukung to Pangboche**

Today we'll trek towards Pangboche, one of the oldest Sherpa villages in the Khumbu region. Pangboche Gumpa (monastery) is also situated here including (depending on whether you're a believer or otherwise) what's said to be a yeti's paw. There are also great peak views from here including Nuptse, Everest, Lhotse, Ama Dablam, Thamserku to name but a few and many of the local teahouse lodges have viewing galleries. We'll relax overnight at camp or a local lodge.

### **Day 15: Pangboche to Phortse**

The trail today descends in a series of switchbacks down a sandy slope to the Dudhkoshi. After crossing the bridge here we'll reach Phortse, a small Sherpa village where we'll rest and relax tonight.

### **Day 18: Phakding to Lukla**

From Phakding the trail now contours above the river and climbs up to the airstrip at Lukla as we walk for around 4-5 hours through the scenic beauty of the Khumbu Valley. We'll rest overnight at Lukla at our camp or at a local lodge.

## Trip Duration and Grading

This trip is 21 days with Day 1 beginning in Kathmandu and ending with departure from Kathmandu on Day 21. The trip has been graded strenuous, due to the high elevations and the amount of walking involved, on often steep trails and crossing high mountain passes which may be snow covered as well as the climb itself to the summit. It's a strenuous climb with a few short steeper sections. Ice axe and crampons are required and it's useful to have previous experience of these but not mandatory as you'll receive support and a glacier skills training session during the expedition. A good to very good level of fitness is required, used to long days. The climb is more technical than Mera but is fairly straightforward and poses little difficulty albeit it is strenuous. There will also be some short day walks as part of your sightseeing, usually for a few hours, for example when visiting World Heritage sites in Kathmandu and the surrounding Valley.

## Group Size

The maximum number of persons on this trip will be 16 and the minimum number 2 persons. By keeping group sizes small it means we can provide a more personal service to you.

## Local Representatives and Guides

You will be met at the airport on arrival by our local representatives who will always be available to help with your arrival, departure and any queries or requirements during your trip. The group will be accompanied by a local English speaking guide throughout the trip with an experienced high altitude Sherpa climbing guide and support team during the trek and climb. This is to allow you the opportunity and freedom to try out some of the many wonderful eating places in Kathmandu. Snacks, bottled drinks including mineral water and alcohol are not included in the price.

### Flight Inclusive Price and International Flights

The flight inclusive price is based on best available price (at the time of producing our current brochure) of economy return flights from the UK added to the 'land only' price. Flight prices are subject to change and do vary throughout the year. We use a variety of airlines and scheduled flights on our trips including British Airways, Air India, Gulf Air, Qatar Air etc Our ATOL number is T7199 and we work with other ATOL holders to issue flight tickets. For exact air fares and flight classes available at the time you wish to travel please contact us.

### Land Only Option

Our trips are based on 'land only' as well as flight inclusive options to allow you the flexibility to choose to make your own arrangements for flights or perhaps to arrive a few days earlier or leave a few days later than the trip or to join the trip from anywhere in the world. If you choose the land only option we will provide full details of how and when to meet the rest of your group, details of your hotel and local contacts upon confirmation of your booking. All accommodation during your trip is included in the price although additional days before or after the start and end dates of your trip are not included. We are happy to book additional accommodation or optional activities, based on your requirements and budget, on request.

Please note that whilst at all times we aim to run our trip even with just a few persons, on some of the longer treks or trips, should the group size be less than our minimum operating level we may cancel the trip up to 6 weeks before departure. In the rare event that this happens, we will offer alternative dates or trips or refunds as appropriate and agreed with you. If you are arranging your own flights and accommodation prior to the start date of a group trip we recommend that you book fully flexible and refundable accommodation and transport if booking more than 6 weeks in advance, as should we need to cancel the trip compensation will not be paid for any arrangements that have been made independently.

### Climate and Weather

Nepal has a monsoonal two season year with the dry season from October to May and the wet season (monsoon) from June to September. From end September/start October to end November is one of the best times to visit. The vegetation is lush after the rains of the monsoon and the air is clean and fresh. The next best time to visit is February to April at the end of the dry season. It can be a little dusty at this time but the weather is warm and pleasant and its' a great time to see many wildflowers in bloom. December

☎ 0845 094 0273

and January are still good in terms of climate and visibility but can be chilly particularly at higher altitudes as well as in the evening in Kathmandu. May and early June can be very hot and uncomfortable and mid June to September can be cloudy with poor visibility and muddy trails although some treks (rainshadow treks) can still be undertaken even during the monsoon.

### Clothing and Equipment

Generally lightweight to medium weight clothing in natural fabrics is best with warm clothing a must for chilly evenings and at high altitude. For visits to more remote areas including Everest Base Camp, a warm down jacket, hat and gloves are suitable. It's also useful to wear several layers of clothing as temperatures can change suddenly. To a large extent it depends where you plan to go and what you plan to do. For example during winter if you are on safari in the southern Terai region you'll need a t-shirt. At the same time if you're in Kathmandu you'll probably need a jacket as well. And if you're at Everest Base Camp you'll need to be very well wrapped up. During the monsoon you'll need a light rain jacket. We also suggest you take comfortable walking shoes and a small day pack or shoulder bag as well as sunscreen, a hat and good sunglasses. In the mountains and at high altitude the weather can change rapidly so it is important to have appropriate clothing and equipment. Clothing is easily and cheaply available in Kathmandu so it's rarely a problem if you forget to pack something. On fully provisioned camping style treks we provide twin share dome or A frame sleeping tents, kitchen tent, mess tent, toilet tent, tables, chairs, stools, lanterns/candles, thin sleeping mattresses, all crockery and cutlery and a fully equipped kitchen set up. **Upon booking with us we will send you a suggested clothing and equipment list appropriate to your trip including details of any must have items or items that can be hired (if required).**

### Baggage Allowance

We request that you aim for a maximum weight of 15 to 20 kg for your main baggage including clothing and personal equipment. Many of our trips involve porters and/or local flights and 15kg is the maximum safe weight allowance for porters and permitted on local flights. International flights will usually permit up to 20kg maximum weight. If trekking, some additional baggage can usually be stored until you return from your trek. Remember you may also want to leave some weight allowance for any items you have bought during your trip! The Himalayan Adventure Company and our local partners are not responsible for excess baggage charges.

### FREE Himalayan Adventure Company Travel Gift

On confirmation of booking we will provide a complimentary travel gift, gifts vary each year and previous gifts include trek bags and t-shirts, gifts subject to availability. For clients living outside the UK we will provide a free bag on payment of post and packaging delivery only.

### Passport and Visa Requirements

A full valid passport and a current visa is required for all trips and treks. Passports must have at least 6 months validity after the completion date of your trip. To secure your booking and avoid any additional

charges, information (eg spelling of name) provided to us on your booking form must match exactly the details as shown in your passport.

The visa fee is £35 for a multiple entry visa valid for up to 30 days or if obtaining your visa on arrival at the airport in Kathmandu the fee is US\$40 for a multiple entry visa valid for 30 days. The visa process changed in 2008 and all visas are now multiple entry. We will provide up to date information on visa requirements, costs and the application process on confirmation of your booking or on request.

You are responsible for ensuring you have a valid passport and visa prior to departure. Where appropriate, we will arrange any special permits or visas required to visit specific restricted areas included as part of the itinerary whilst you are in the country and may request information from you to allow us to do this.

### Permits

To enter certain areas e.g. National Parks or other trekking or protected areas, you may require a permit. To climb Island Peak a permit is also required. All our trip prices include the cost of relevant permits and entrance fees. Where this is not the case, for example you have booked a tailor made private trip, we will inform you of any required permit fees before you make a booking with us.

It is your responsibility to ensure you are well and fit enough to join the trip. If you are unsure of this please contact our office to talk it through with one of our experienced staff members. We also recommend you speak to your GP if you are in any way unsure of your fitness level required to join the trip. We also suggest you have a thorough medical and dental check up before you travel. You may need specific vaccinations appropriate to the country or area you will visit. You must tell us if you have an existing medical condition or disability that might affect your holiday before you make a booking with us. If, in our reasonable opinion, your chosen holiday is not suitable for your medical condition, disability or level of fitness, we reserve the right to cancel the contract or to suggest more appropriate alternative options for you. A group medical kit will be carried on each trip or trek but we also recommend that individuals carry their own basic first aid kit and we will send a suggested list of items for this when you make a booking.

For useful health and general travel advice and information we suggest you visit the Foreign and Commonwealth Office website at <http://www.fco.gov.uk/knowbeforeyougo> and also obtain a copy of the UK Department of Health leaflet *Advice on Health for Travellers* or speak to your local GP or practice nurse for their recommendations.
